Please note that the baggage allowance is **15 kg**.

Sabiha Gökçen Airport (SAW) is located on the Asian side of Istanbul, while Istanbul Airport (IST) is on the European side.

The distance between the two airports is approximately 80–90 km. Travel time can take **1.5–2 hours by car**, and often **more than 2 hours by public transportation**, depending on traffic.

For this reason, we strongly recommend booking your onward international flight on **May 6**, preferably later in the morning, or spending an additional night in Istanbul and departing on **May 7**.
